

School will be closed

Tomorrow school will be closed.

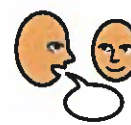

School will be closed until a grown up tells me

it is open.

The adults I live with will tell me when

school is open again

I will stay at home with my family.

Going back to school

School will be open again tomorrow.

I will put on my uniform and drive to school.

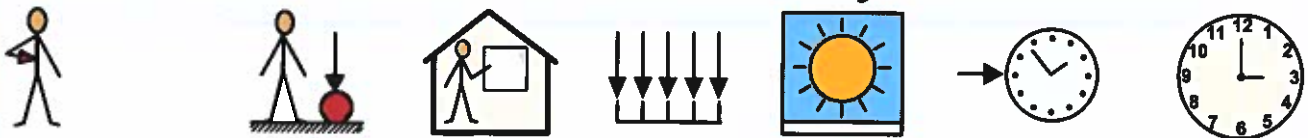

I will see my teacher and the rest of my class.

I will try and follow my timetable.

I will stay at school all day until 3 o'clock.

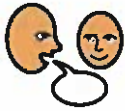

# Coronavirus

If I am worried about the coronavirus I can

talk to grown ups who can help me. If I

sneeze or cough I need to cover my mouth.

I then need to wash my hands with soap and

warm water. I need to wash my hands with

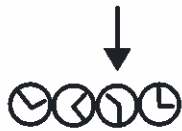

soap and warm water regularly during the day.

When I get poorly.

Sometimes I feel poorly.

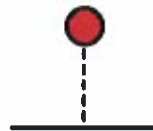

When I am poorly an adult needs to

take my temperature.

If my temperature is a high number the

**123**

adult will give me some medicine to take.
