

Pathway A

Employability Home Learning Activities

Below are some ideas to support with Careers Education at home. You could choose some of these to do with your young person.

1. Watch educational videos and documentaries

[Stacey Dooley's BBC Series](#)

Follow this up by talking or writing about what you learnt or which job you might prefer.

2. Play an educational game

[Microsoft Minecraft](#)

Follow this up with a discussion about what skills you think this is using, for example, problem solving, co-ordination etc

3. Take this [Personality Quiz](#)

Does this sound like your personality? Why/Why not? Why do you think it is important that we know what kind of person we are when we enter the job market?

4. Take this [Careers Quiz](#) and discuss which career suited you best
